New In The Museum

We received some Robbins/Herren family pictures from Sharon Fowler and they are now on display.

From Tom Hatch we received about 15 aerial pictures of Portage taken in the 1970's. They were from his Dad Leo Hatch Sr.'s collection. You may have seen them if you're on our Facebook page. We received about 100 new "likes" and hundreds of shares because of these pictures on Facebook.

I posted on Facebook under these pictures that wouldn't it be nice to get current aerial pictures of the same locations. And almost immediately was told about 4 Fans Aerial Photography and they've already recreated the scenes. Their pictures will be available soon on our website. Thanks so much to Jim Guetschow who did an amazing job.
